43 learning opportunities are still open now

ECIU University - change the way of learning and create real impact.

Challenges

Challenges are learning opportunities that engage diverse teams to solve real-life problems using a novel and practical method of challenge-based learning (CBL).

Micro-modules

Micro-modules are short learning opportunities that support learners to fill their knowledge gaps and boost their capabilities to successfully engage in ECIU University challenges. Learners can take micro-modules together with challenges or create their own learning path.
