VII INTERNATIONAL SCIENTIFIC CONFERENCE IN CHEMISTRY KYIV-TOULOUSE

2 - 7 June 2013

Dear colleagues,

The organizing committee is glad to invite you to take part in the **VII Scientific International Conference in Chemistry "Kyiv-Toulouse"** that will be organized in Kyiv (Ukraine) on 2-7 June 2013.

The program of the conference will include plenary lectures, oral and poster presentations that are previewed for the 3-5 June 2013. As opposed to the narrow-subject conferences where only special subjects of chemistry are discussed, the "Kyiv-Toulouse" conference will focus on researches and innovative tendencies of development in different domains of chemistry.

The one of the strongest part of the conference is the absolute absence of the language barrier. English is preferred as a language of presentation. But the researchers have an opportunity to present their works in French (see the rules for oral and poster presentations). An interpretation assistance also will be provided by the organizing committee.

To participate in the conference you should send an e-mail to **kyivtoulouse@univ.kiev.ua** with an attached file of abstract and a registration form (can be found on the conference web-page). The deadline for the abstract submission is **5 April 2013**.

The publication of proceedings is previewed. The deadline for the submission is **12 May 2013**.

All necessary information about conference could be found out on the web-page <http://www.kyivtoulouse.univ.kiev.ua/conf2013/>

If you have any questions that have no answer on our web-cite, please do not hesitate to contact us:

kyivtoulouse@univ.kiev.ua
Tel.: +38(044)2351232
Fax: +38(044)2393358

Faithfully yours,
Organizing committee of the conference.
